

Polar Express STEM Day

The third grade students enjoyed a Polar Express STEM Day on December 14th. Students traveled to each of the five third grade classrooms and completed a different holiday themed STEM activity. The activities included:

1. Create a shelf for an "Elf on a Shelf"
2. Creating the tallest Christmas tree using cups
3. Frozen Ice Castle creations
4. Candy cane delivery system
5. Polar Express "trains" from EHT to North Pole

It was a great day enjoyed by students and teachers!
