

AtlantiCare visits Swift School

During the month of October, AtlantiCare Healthy Schools Program provided our school with the opportunity to have a chef come in and prepare a healthy snack for two of our second grade classes. Mrs. Zaccagnino and Mrs. Simpson's student were treated to a delicious snack of Garden Fresh Black Bean Salad. The students were encouraged to try the healthy snack and many asked for second helpings.

Pictured are from left to right: Valerie Behrens our farmer from Impact Harvest Chef, Nicole LaTorre from EatClean.org, Amy Hogan from AtlantiCare and students from second grade at Swift School.
